Mental Health

focus on retention of healthcare workers

WHAT?

We assess **turnover intentions, job satisfaction, stress and burnout** as critical determinants of turnover among healthcare workers in 8 hospitals in Belgium, The Netherlands, Poland, Italy.

WHEN?

The project started in April 2021 and will be finalised in May 2024. The results will be disseminated throughout the project duration.

HOW?

- Step 1: **Online Survey**
- Step 2: **Interactive Workshops**
- Step 3: **Policy Recommendations**

WHY?

We want to develop policy recommendations that will support key stakeholders with their retention policies.
